"The Jacobs Career Fair is a success for us because we were able to hire a very dedicated and likeable new colleague after our first visit this year. We also met students there, almost all of whom radiate that they want and are able to perform at above-average."

Katharina Friederich

Human Resources Manager
 Alfred Wegener Institute, Helmholtz Centre
 for Polar and Marine Research

"The Jacobs Career Fair was successful for us because we were able to get in touch with many students who are a good long-term fit, both in the scientific and in the IT area. The Jacobs Career Fair is a very good opportunity to present our work and ourselves as an employer."
