

Student Records Office Request for Transfer Credit

Page 1 → Instructions; Page 2 (see backside of this sheet) → Transfer Credit Form

Transfer Credits applications shall be submitted to the Student Records Office no later than the end of the first semester spent at Jacobs University. Only **1 (one)** single application for Transfer Credits will be accepted – listing all courses that you would like to transfer. The Student Records Office will only accept an *original transcript* issued by the university you attended prior to enrolling at Jacobs University. The transcript shall be accompanied by an explanation of the credit system at the respective university (i.e., credit to workload translation). You should provide a handbook of the program you attended and/or syllabi for the courses you plan to transfer. Students changing majors may submit a Transcript Credit request during the first semester after the major change.

Procedure:

- Once the Students Records Office verifies the authenticity of the transcript, you should take the Transfer Credit form, together with the transcript and the course syllabi, to the Study Program Chair of your Major. Once you have discussed the option to transfer credits with the Study Program Chair, the latter will confirm by signing the Transfer Credit form. If you would also like courses outside your actual major to be transferred towards your degree, your Study Program Chair will consult with the respective colleagues.
- After the Study Program Chairs's approval, you are required to obtain also the signature of your Academic Advisor (AA).
- Once the form is complete and signed by all parties, the Student Records Office will evaluate the application, check whether all formal requirements have been met, and decide on a case-by-case basis on the acceptance of the respective course credits.
- Finally, all transfer courses acknowledged will be added to your study results.

Regulations:

- Courses completed at other institutions may not be transferred as University Studies Courses.
- Students who transfer a significant number of credits may be treated as "Transfer students" and be placed into a higher semester of their major, thereby reducing the number of semesters left toward the completion of the degree.
- For coursework completed elsewhere while being enrolled at Jacobs University (i.e., during the semester breaks), students must apply for recognition of Transfer credit within one semester of this achievement.
- Transfer credits thus recognized by Jacobs University will be designated on the regular transcript of the student as having been earned at other institutions. No grade will be shown, nor will any grade from such coursework be included in the student's grade point average.

Student Records Office Request for Transfer Credit

First name:	Family name:	Matriculation No.:	Major:	Academic Advisor (AA):
Name of former university	Location of former university (City, Country):	Dates of attendance at former university:	Total number of credits to be transferred:	

	Courses to be transferred		Jacobs University Courses		Approval(s)	
	Course Title and Number <i>(at the previous university)</i>	Credits/Grade <i>(at the previous university)</i>	Course Title and Number <i>(in case the course does not replace a specific course at Jacobs, please write down the function it will fulfil in the curriculum, i.e. the respective module, e.g. Triangle Area, Methods/Math module, etc.)</i>	ECTS Credits <i>(at Jacobs University)</i>	Study Program Chair's Approval	Module Coordinator's Approval <i>(only needed if ECTS are transferred to Jacobs Track modules, e.g. Triangle Area).</i>
